

1er Congreso Latinoamericano de Ingeniería

"La Ingeniería:
su compromiso con el desarrollo
tecnológico y social"

13, 14 & 15 September 2017
Paraná & Oro Verde (Entre Ríos) - ARGENTINA

First Call for Papers

This first edition of the Latin American Engineering Conference (CLADI 2017) is the first international initiative encouraged by the Federal Council of Engineering Deans from Argentina (*CONFEDI* in Spanish). Researchers and professionals from all over Latin America are invited to participate in this event. The meeting is aimed at addressing both the challenges that the engineering profession poses to professionals in the region, and the distinctive problem areas, projects and curricula of the faculties where they are trained. Thus, the Conference will provide unparalleled networking opportunities for engineers, for the establishment of inter-institutional agreements and for enhancing the role of engineers in their profession, in research and in the academic environment.

CLADI's main theme, "Engineering: Its commitment to technological and social development", encourages reflection, debate and the generation of appropriate and sustainable solutions for the requirements of each socio-cultural context.

Main Conference Topics:

- + University Policies & Management
- + Technological and Social Development Projects
- + Engineering Education
- + Regional Development
- + University, Industry and Government Collaboration
- + Sustainable Engineering: Energy, Environmental Management and Climate Change
- + Engineering Works and Projects
- + Challenges in the Engineering Profession
- + The Internationalization of Engineering Education & Services

The conference will offer plenary conferences, panel sessions and individual presentations on a variety of topics so as to foster synergies between engineers, faculty deans, government officials, teachers, researchers and technologists involved in and concerned about the scientific-technological development process in Latin America.

Important Dates:

Full Paper Submission: 31 March 2017

Notification of acceptance: 31 May 2017

Submissions: Papers should be submitted through the EasyChair system:
